ABOUT

Australian Catholic University (ACU) is a publicly funded university, open to all. ACU students do more than read about and study those who are change-makers. They become change-makers.

Grounded in our Catholic intellectual tradition and heritage, ACU's commitment is to empower students with the knowledge, skills and professional experience needed to make a difference in our world.

ACU's variety of courses gives students a chance to make a difference in fields such as arts, teaching and education, allied health, science, exercise science, health, nursing and midwifery, psychology and counselling, social work, business, information technology, law, theology and philosophy.

As part of this commitment to students, ACU brings together leading academics, strong industry connections, world-class research, and excellent facilities and services to provide a life-changing university experience.

All ACU students have the chance to undertake professional placements and volunteer work throughout their studies, ensuring they are work-ready upon graduation.

Community engagement is also a core part of the experience at ACU, giving students opportunities to contribute to communities in need in Australia and overseas.

The University is open to people of all beliefs and backgrounds. ACU has campuses in Brisbane, Sydney (Strathfield and North Sydney), Canberra, Melbourne, Ballarat and Adelaide and a centre in Rome, Italy.

ADMISSION REQUIREMENTS

Read section 6 in Part 1 for general information about admission requirements, including English language proficiency.

Admission requirements are the minimum qualifications you need before you can be selected for admission to a course of study.

As an international student completing one of the following qualifications in 2017, you will apply for admission through UAC and will generally be selected on the basis of your performance in these studies (ie your ATAR or equivalent):

- an Australian Year 12 qualification (either outside or in Australia)
- an International Baccalaureate (IB) Diploma
- a New Zealand National Certificate of Educational Achievement (NCEA) Level 3.

When assessing your application, ACU may take any or all of your qualifications or attempts at study into account.

Additional selection criteria

In addition to achieving the standard of performance required for admission, for certain courses you must also satisfy additional selection criteria, such as a personal statement, questionnaire, portfolio of work, an audition, an interview or a test. These criteria are taken into account either instead of, or in conjunction with, your ATAR or equivalent.

Details of additional selection criteria and how applicants can meet these requirements are outlined in the course descriptions on UAC's website at uac.edu.au/international/course-search.

If you are undertaking your Year 12 studies offshore and are applying for a course that has additional selection criteria that you will find difficult to meet, email international.admissions@acu.edu.au.

International applicants applying for admission on the basis of qualifications other than those listed above must apply directly to the University, not through UAC. For details, visit acu.edu.au/international.

Offers made to applicants who have an ATAR (or equivalent) below the cut-off

ACU has a number of alternative pathways for admission, which may allow applicants to receive an offer to a course even though they have an ATAR or equivalent below the cut-off. They are the:

- Elite Athlete and Performer Program
- Early Achievers' Program Passion for Business – Early Entry Program.

Elite Athlete and Performer Program

ACU supports elite athletes in their study and aims to help them achieve their academic and personal potential. Elite Athlete and Performer Program co-ordinators offer course and enrolment advice and help students with finding flexible study options. Under this program, bonus points are awarded to applicants depending on their level of sporting and/or performance representation. Applicants requesting consideration under this program should complete the Elite Athlete and Performers Program Application (E) Form available at acu.edu.au/study_at_acu/pathways_And_entry_schemes/year_12_student_entry/elite_athlete_and_performer_program.

The closing date for submitting forms is **Saturday 18 November 2017**.

Early Achievers' Program

Students who demonstrate a commitment to their communities as well as their studies can gain early acceptance into the University through the Early Achievers' Program. The hugely successful program recognises the achievements and contributions made by prospective students to their communities through sustained voluntary activities undertaken through their school, church, sporting or cultural organisations. For further information and details about applying, visit acu.edu.au/study_at_acu/pathways_And_entry_schemes/year_12_student_entry/early_entry.

Passion for Business – Early Entry Program

ACU's new Passion for Business (P4B) program provides a unique opportunity for students with a passion for business. Current Australian Year 12 students who have completed, or are completing, a business-related subject in Year 11 and/or Year 12 are eligible to apply for entry to ACU through the P4B Program.

In addition to applying through UAC, you must complete the P4B online application, including:

- the business subject(s) you have completed or are currently studying
- a 200–300 word response to the question 'Why are you passionate about business?'

For further information and to complete the online application, visit acu.edu.au/about_acu/faculties_institutes_and_centres/law_and_business/school_of_business/passion_for_business. Applications close 15 September 2017.

STUDENTS UNDER 18 YEARS OF AGE

Before you are granted a student visa, the Australian Government must be satisfied that you have appropriate accommodation, support and general welfare arrangements in place for the period that you will be under 18 years of age while in Australia.

ACU does not accept responsibility for welfare arrangements for international students who are under 18 years of age.
