## ABOUT

The Jansen Newman Institute (JNI) has been transforming the lives of our students for over 30 years.

JNI grew out of the Relationship Development Centre, which was founded in 1978 in Sydney by Dr David Jansen. Dr Jansen was co-founder of the California Family Study Centre in Los Angeles – now known as the Phillips Graduate Institute – a large graduate training centre for marriage and family counsellors. In 1981, Dr Jansen was joined by Margaret Newman. Together they founded the Jansen Newman Institute and developed it into the prestigious counselling, community services and psychotherapy education and training provider it is today.

JNI has broadened its course offerings to include a wider investigation of the social sciences, including community services. This has allowed our students to explore new aspects of human relationships while experiencing the rich counselling tradition that runs through JNI. We are proud that our graduates are skilled practitioners who care to an extent beyond what is expected. They inspire change by helping others to be heard and, through this, make a true difference in the broader community.

Graduate career outcomes include addiction counselling, youth work, women's health, family services, ageing and retirement, change management, conflict resolution and mediation, child protection, community counselling agencies and disability services.

Situated in a premium location in Pyrmont, the Institute is close to public transport, shops and local attractions. Many JNI courses may also be studied through our Flexible and Online Learning Portal, allowing students to design a study program to fit their lifestyles.

## ADMISSION REQUIREMENTS

Read section 3 in Part 1 for general information about admission requirements, including English language proficiency.

Admission requirements are the minimum qualifications you need before you can be selected for admission to a course of study.

As an international student completing one of the following qualifications in 2016, you will apply for admission through UAC and will generally be selected on the basis of your performance in these studies (ie your ATAR or equivalent):

- an Australian Year 12 qualification (either outside or in Australia)
- an International Baccalaureate
- a New Zealand National Certificate of Educational Achievement Level 3.

When assessing your application, JNI may take any or all of your qualifications or attempts at study into account.

To prove English language proficiency, international applicants require an equivalent IELTS 5.5 (Academic) with no skills band less than 5.0. For further information, visit <http://www.uac.edu.au/international/admission/elp/jni.shtml>.

## Limited ATAR

JNI accepts the Limited ATAR for admission purposes – read section 8.6.

## Additional selection criteria

In addition to meeting the standard admission requirements, certain courses require applicants to also satisfy additional selection criteria, such as a personal statement, questionnaire, portfolio of work, audition, interview or test. These criteria are taken into account either instead of, or in conjunction with, your ATAR or equivalent. Details of additional selection requirements are outlined in the course descriptions on UAC's website at [www.uac.edu.au/international/course-search](http://www.uac.edu.au/international/course-search).

## Alternative entry and pathways

### Applicants who are over 18 years of age

Applicants who are over 18 and not yet 21, and who have an ATAR below the published cut-off, will be required to provide documentation of any study undertaken (completed or not completed, with the results in those units and/or courses) and a CV of work experience, as well as a demonstrated ability to undertake study at this level. Typical evidence may include written material generated as part of work functions (demonstrating your level of literacy) and the completion of relevant professional development activities (demonstrating your commitment to study).

## COURSES AVAILABLE BY DIRECT APPLICATION

Call 1800 777 116 or +61 2 8588 4733 (outside Australia) for information about courses available by direct application.

## STUDENTS UNDER 18 YEARS OF AGE

JNI does not accept responsibility for welfare arrangements for international students who are under 18 years of age. For more information on what arrangements and guardianship need to be in place, visit [www.border.gov.au/Busi/Educ/Educ/Welfare-requirements-for-student-visa-applicants-under-18](http://www.border.gov.au/Busi/Educ/Educ/Welfare-requirements-for-student-visa-applicants-under-18).
