## ABOUT

Torrens University Australia has been specifically designed with one purpose: employability. Our students graduate confident, highly skilled, qualified and experienced. We ensure students complete practical work experience and internships, our lecturers are industry practitioners, and students gain access to employers, industry leaders and entrepreneurs.

Torrens University Australia offers a range of undergraduate and postgraduate programs – for study on-campus, online or a mix of both depending on the program selected. We are an Australian national university with purpose-built campuses in Brisbane, Sydney, Melbourne and Adelaide.

Torrens University Australia continues to prove its reputation as an innovative and global education provider by growing its offerings to include some of the world's most prestigious schools, including Billy Blue College of Design, Media Design School, Blue Mountains International Hotel Management School and William Blue College of Hospitality Management.

### Be part of an international network

In addition, Torrens University Australia is part of Laureate International Universities, which means Torrens students are connected with over 70 institutions worldwide, opening up the doors to global opportunities.

Torrens University Australia operates through the following legal entities: Torrens University Australia Ltd, ABN 99 154 937 005, RTO No. 41343, HEP No. 4449, CRICOS Provider Code 03389E; Think: Colleges Pty Ltd, ABN 93 050 049 299, RTO No. 0269, CRICOS: 00246M.

### Small classes

Our average class sizes are small, which means you will get the individual attention and support you need to learn and thrive. Our classes foster an environment of encouragement, contribution and respect, giving students the skills to tackle professional life.

### Industry Placement Program and professional network

When you study at Torrens University Australia, you will complete an Industry Placement Program with one of our industry partners during which you will gain experience in your chosen profession and obtain solid insights into modern workforce performance and expectations. A Bachelor of Business requires 400 hours off-campus, working on industry placement, and all hospitality degrees have industry placements integrated into their Bachelor degrees.

Many Torrens University graduates are able to secure jobs with the organisations they've worked with as part of this program, or through connections they have made during their studies.

## ADMISSION REQUIREMENTS

Read section 6 in Part 1 for general information about admission requirements, including English language proficiency.

Admission requirements are the minimum qualifications you need before you can be selected for admission to a course of study.

As an international student completing one of the following qualifications in 2017, you will apply for admission through UAC and will generally be selected on the basis of your performance in these studies (ie your ATAR or equivalent):

- an Australian Year 12 qualification (either outside or in Australia)
- an International Baccalaureate (IB) Diploma
- a New Zealand National Certificate of Educational Achievement Level 3.

When assessing your application, we may take any or all of your qualifications or attempts at study into account.

### Limited ATAR

Torrens University Australia accepts the Limited ATAR for admission purposes – read section 3.4.

### Additional selection criteria

In addition to achieving the standard admission requirements, students may also be required to satisfy additional selection criteria, such as a personal statement, a questionnaire, a portfolio of work, an audition, an interview or a test. These criteria are taken into account either instead of, or in conjunction with, your ATAR or equivalent.

Details on additional selection requirements are outlined in the course descriptions on UAC's website at [uac.edu.au/international/course-search](http://uac.edu.au/international/course-search).

### Applicants with an ATAR or equivalent below the published cut-off

Torrens University has several alternative pathways for admission, which may allow you to receive an offer for a degree or diploma even though you have an ATAR below the published cut-off.

For more information about alternative admission requirements, call +61 1300 575 803 or visit [torrens.edu.au/contact-us](http://torrens.edu.au/contact-us).
