Media release – Thursday 10 December 2015

For immediate release

ATARs released in one week

MORE THAN 54,000 NSW HSC students will be able to access their Australian Tertiary Admission Rank (ATAR) from 9am on Thursday 17 December at www.uac.edu.au. The ATAR is the rank used by universities in NSW and the ACT to select school leavers for entry into university courses.

For the first time, students will be able to access their ATAR on UAC’s new mobile app, My UAC. My UAC enables students to check their ATAR, search for courses and manage their course preferences on their phone or tablet. It is available now for free in iOS and Android.

Students can also view their ATAR on UAC’s website at www.uac.edu.au. No matter which method they choose, all students will need their Year 12 student number (or UAC application number) and their UAC PIN to access their ATAR, so we advise all students to make sure they have those numbers in time.

Printed ATAR Advice Notices will be received in the mail from Friday 18 December, but most students will want to know their ATAR as soon as they can, and should start planning now.

Students with questions about their ATAR can call UAC’s ATAR Enquiry Centre on 1300 MY ATAR (1300 692 827) or (02) 9119 5012 for mobile users on the following days:

Thursday 17 December: 8.30am–6pm
Friday 18 December: 8.30am–4.30pm
Monday 21 December: 8.30am–4.30pm
Tuesday 22 December: 8.30am–4.30pm
Wednesday 23 December: 8.30am–4.30pm
Thursday 24 December: 8.30am–noon

The Board of Studies Teaching and Educational Standards NSW (BOSTES) can answer students’ questions about HSC results on 1300 13 83 23 from 8am Wednesday 16 December. Most NSW and ACT universities also hold advisory days in early January where students can talk to university staff about their course options.

Students who have already applied can change their preferences for the Main Round of offers until midnight on Wednesday 6 January 2016. Main Round offers are released at 6pm on Wednesday 20 January. For those who haven’t applied, applications for university study in first semester 2016 are open until Friday 12 February 2016 but UAC advises applicants not to leave it this late to apply as not all institutions will make offers in later rounds and not all courses will still have vacancies for semester 1.

For more information about the ATAR and applying to university in 2016, visit www.uac.edu.au.
