Important dates

Application closing dates

Application closing dates, including final closing dates for each course, are listed in the course search on UAC's website at www.uac.edu.au/postgraduate/course-search.

Applications made after the main closing date in each intake will be considered subject to the availability of places.

Enrolment/session dates

Details about enrolment will be advised via the offer correspondence provided to successful applicants online.

2017 Session start and end dates are as follows for all courses except those indicated below under Calendar B:

Summer session	Monday 28 November 2016 – Saturday 4 March 2017
Autumn Session	Monday 6 March – Saturday 1 July 2017
Spring Session	Monday 24 July – Saturday 11 November 2017

The following Calendar B dates apply to some Teacher Education and Graduate School of Health courses (for details check the start date in the course search on UAC's website at www.uac.edu.au/postgraduate/course-search).

Calendar B Autumn Session	Monday 20 February – Saturday 1 July 2017
Calendar B Spring Session	Monday 24 July – Saturday 2 December 2017

ABOUT

Central city location

The University of Technology Sydney (UTS) campus is in the heart of Sydney, a five-minute walk from Central Station, Sydney's major train and bus station. The University is located at the centre of the nation's creative and start-up hub, suiting our innovative approach to learning and positioning our students for career success in an ever-changing world.

UTS students join a curious and clever cohort who refuse to accept the status quo. This curiosity is encouraged through our focus on innovative learning: our 'learning futures' model was a 2015 winner of an international teaching and learning award, mixing the best of face-to-face and online teaching in a specially-designed campus environment.

UTS has recently transformed its campus, with a \$1.3 billion investment in three state-of-the-art buildings now open and the final touches being made on major refurbishments to learning spaces and new social hubs. This transformation has integrated the City campus precincts, delivering an iconic and pedestrian-friendly campus.

UTS is a young university gaining global recognition for its creativity, innovation and focused research. Above all, we believe that our academics and our students can make a difference, whether in industry, society or academia. We're already making our mark: we are proud to be rated the top university in Australia under the age of 50 by both the QS and Times Higher international rankings.

Strong relationships with the professions

Innovation requires breaking boundaries and forging new connections. UTS believes that collaboration is key to help students connect and collaborate. We have a commitment to combining theoretical knowledge with extensive hands-on experience, both in the classroom and through industry placements and internships. Our industry connections with over 150 company partners help students develop skills, gain valuable experience and make the necessary contacts to boost their careers.

Experience-oriented education

UTS has built a strong reputation as a progressive university with a commitment to social justice and a distinctive focus on experience-oriented learning, teaching and applied research for the twenty-first century. We pride ourselves on giving students the skills and knowledge they need to adapt to a dynamic future. Many will choose start-up and entrepreneurial careers over traditional jobs. Others will shift effortlessly into new careers, thanks to creative and analytical thinking skills increasingly valued by industry. UTS students have access to programs like 'The Hatchery', an on-campus pre-incubator program designed to mentor and connect entrepreneurial students.

As a student you will benefit from learning environments that are integrated to professional practice and inspired by research. As a leading experience-based university, UTS courses are practical as well as academically rigorous. Our course content is regularly checked by industry advisory committees to make sure that what you are learning is up-to-date and relevant. Many academic staff are internationally recognised in their fields and are actively involved with their industries and professions.

Student support services

We understand the reality of balancing work, family commitments and study. Many of our courses can be studied part-time and some can be fast-tracked by doing extra subjects in a summer session. Comprehensive professional services are provided to support every aspect of student life including housing, health, special needs, career advice, financial assistance, learning skills, counselling and IT support. Student learning centres and bridging courses are also available to provide assistance to students, including bridging and intensive courses.

The UTS Library provides access to a range of online and on-campus services and resources. The Students' Association works to represent students' needs and interests, and ActivateUTS provides a range of student services and facilities, including a fitness centre, social and sporting clubs, and bars and cafes.

Diversity of students

In 2015, over 40,700 students, including 10,978 postgraduate coursework students and more than 1,619 research students, were enrolled at UTS, onshore and outside Australia.

One of our key strengths is the social and cultural diversity of our students (11,529 international students from around 110 countries in 2015), staff and partners in the professions and the community, as well as our strong international profile. This diversity has created a vibrant and rich learning environment that prepares graduates for the workplace of today and the future.

ADMISSION REQUIREMENTS

The minimum educational requirement for entry to most postgraduate courses is a completed Bachelor degree. Entry requirements vary between courses – some courses have additional selection requirements. For details see the individual course description at www.uac.edu.au/postgraduate/course-search.

Applicants with substantial relevant work experience and no Bachelor degree may be considered for entry to some Graduate Certificate programs. You can obtain information about the entry requirements for a specific course by calling 1300 275 887 or from the relevant faculty website.

Overseas qualifications and English proficiency

If you have undertaken your studies in an overseas country you may have to provide proof of proficiency in English. Refer to UTS's English language proficiency requirements on UAC's website at www.uac.edu.au/postgraduate/admission/elp/uts.shtml.

ADDITIONAL APPLICATION REQUIREMENTS

You may have to provide a personal statement, curriculum vitae (CV), questionnaire, portfolio, employer letter or referee report as part of the application process. Check the individual course description on UAC's website at www.uac.edu.au/postgraduate/course-search to see whether additional application requirements apply.

Your application may not be considered if you fail to meet the additional application requirements specified for the courses listed on UAC's website.

How to upload your personal statement, CV, questionnaire or portfolio

You can upload your personal statement, CV, questionnaire or portfolio through UAC's website after you apply. For information about uploading your additional application documents, visit www.uac.edu.au/postgraduate/apply/documents/upload.shtml.

Academic documents (eg academic transcripts or testamurs from overseas or private providers) must be submitted as verified hard copy documents to UAC. Do not upload these documents via Check & Change.

Referee reports for the Master of Clinical Psychology must be submitted via the Graduate School of Health website at www.clinicalpsychology.uts.edu.au.

When do you have to submit your additional material?

You must submit your additional material at the same time that an application is submitted to UAC. If you delay the submission of your additional material your application may not be considered.

TYPES OF PROGRAMS AVAILABLE

UTS offers approximately 220 Masters by coursework, Graduate Diploma and Graduate Certificate courses throughout the year.

A number of the University's postgraduate coursework programs are offered through UAC. Courses offered through UAC are listed on UAC's website at www.uac.edu.au/postgraduate. All other postgraduate coursework programs (including courses offered by UTS Business School) and all postgraduate research programs are available through direct application to the University.

It is important that you distinguish between those courses for which you are required to apply through UAC (refer to www.uac.edu.au/postgraduate for details) and those for which you must apply directly to UTS.

For information about all postgraduate courses offered by UTS, visit www.uts.edu.au.

Limited Commonwealth-supported places are available at the postgraduate coursework level.

ENROLMENT

Acceptance of offer

Successful applicants will receive an electronic offer notification from UAC. Offers are made progressively as decisions are provided by the relevant faculties.

Successful applicants must go to www.start.uts.edu.au for offer acceptance and enrolment.

Deferment of offer

Deferment in postgraduate coursework programs at UTS is not permitted as an automatic entitlement. If you receive an offer for a Spring or Autumn

session in 2017 and you are unable to accept the offer for that session, you can carry forward your application for consideration in a later session in 2017 by changing your preferences online through UAC. (You must submit a new application if you want to be considered in 2018.)

FEES AND CHARGES

Study costs are dependent on whether students are enrolled in a Commonwealth-supported place (CSP) or a fee-paying (FEE) course.

Most postgraduate courses are fee-paying and students are required to pay tuition fees directly to the University. However, a small number of courses available offer Commonwealth-supported places.

UAC's website at www.uac.edu.au/postgraduate/course-search includes details of the annual tuition fees based on enrolment in a full-time load in 2016. Check the UTS website at www.uts.edu.au/current-students/managing-your-course/fees-and-payment/domestic-student-tuition-fees/ for more information on 2016 fees and other charges. Tuition fees at UTS are calculated per credit point and charged on a per session basis.

In addition, a Student Services and Amenities Fee is payable for each Autumn and Spring session, based on the maximum amount payable per year of \$294.

FINANCIAL ASSISTANCE

Eligible, local fee-paying students enrolled in postgraduate coursework may have access to the Higher Education Loan Program FEE-HELP. FEE-HELP provides students with a loan of up to \$99,389 (2016 limit) to cover their tuition fees. Further information can be found at www.studyassist.gov.au.

The Australian Government has proposed changes that will affect the way that students will repay the debt accumulated under HELP. For the latest information, including loan and government scholarship assistance details, visit www.studyassist.gov.au.

COURSES AVAILABLE BY DIRECT APPLICATION

A number of the University's postgraduate coursework programs are offered through UAC, as listed on UAC's website at www.uac.edu.au/postgraduate/course-search. All other postgraduate coursework programs (including the UTS Business School) and all postgraduate research programs are available through direct application to the University. For information about all postgraduate courses offered by UTS, visit www.uts.edu.au/future-students/postgraduate.

It is important that you distinguish between those courses for which you must apply through UAC and those for which you must apply directly to UTS.

INTERNATIONAL FEE-PAYING APPLICANTS

International fee-paying applicants must apply directly to the University. All international applicants must complete an International Student Application form and pay an application fee. For further details, visit the UTS International website at www.uts.edu.au/future-students/international.
