

UAC News

For the principal, student adviser, Year 12 adviser and curriculum adviser

My UAC has arrived!

UAC has launched a mobile app to make it easier for students to manage their uni application.

Students can use My UAC to:

- Search undergraduate courses
 - quick search keyword, course name or course code
 - browse all the courses at a particular institution
 - find courses with entry below or between cut-offs
 - refine search results by field of study, institution, attendance mode or preferred start month
 - save their shortlist of courses in favourites and compare detailed course descriptions.
- Change their preferences (after applying online when applications open in August)
 - view course eligibility status
 - check any document requirements
 - add and change course preferences.
- View their ATAR (when released in December)
- Check their offers (as they're released).

Encourage your students to download the app – available for free in iOS and Android – to easily research, review and manage their application.

ATAR in the media

Unless you were on a remote desert island over the December–January holidays, you probably noticed that the ATAR received a lot of media attention.

Many of you will know that universities have been considering criteria other than the ATAR for Year 12 entry (especially for certain courses) for a long time. It's nothing new, and it doesn't mean that the ATAR is meaningless or about to be abandoned altogether.

In addition to the ATAR, universities may look at a range of other criteria, such as interviews, portfolios, performance in specific tests, performance in Year 12 subjects, educational disadvantage and so on. University admissions criteria can be quite diverse, even for Year 12 students.

However, the ATAR is, and will continue to be for the foreseeable future, a useful measure of how a Year 12 student has performed overall when compared to other students, and a solid base upon which universities can make decisions about offers to them.

Your advice to students should be what it has always been – to do the best they possibly can in their chosen studies and make the most of their last years of secondary school.

UAC publications for 2016

All of UAC's popular publications have been revised for 2016 to give student advisers, parents and students themselves the latest information on preparing and applying for tertiary study in 2017.

These include:

- All About UAC for Student Advisers
- All About UAC for Parents
- Frequently Asked Questions About the ATAR
- All About UAC for Year 11 and 12 Students.

Print copies of these publications are available at expos and career days attended by UAC – make sure you let your students know to visit our stand and collect the 2016 version. A list of these days is included in this newsletter or can be found on UAC's website at www.uac.edu.au/schoolink/events.shtml.

PDF versions of these publications can also be downloaded from UAC's website at www.uac.edu.au/publications/undergraduate.shtml.

Year 10 booklet

UAC's Year 10 booklet covering university entry requirements for 2019 will once again be available in early May. The booklet lists courses UAC's participating institutions will offer in 2019, with details of prerequisites, assumed knowledge, recommended studies and additional selection criteria.

This booklet also contains information and worksheets to help students think about their interests, aspirations and skills that will help them decide which HSC courses to take in years 11 and 12.

Each Year 12 school in NSW and the ACT will receive four complimentary copies of the booklet. Extra print copies can be ordered on UAC's website and copies can be downloaded at www.uac.edu.au/publications/undergraduate.shtml. An accompanying presentation will also be available on Schoolink in May.

Scaling report

The Report on the Scaling of the 2015 NSW Higher School Certificate will be available on UAC's website in April. The preliminary report is currently available at www.uac.edu.au/publications/undergraduate/atar.shtml. Print copies of the full and final report can be ordered (for a small fee) by filling in and sending us the undergraduate publications order form at www.uac.edu.au/publications.

Following are some interesting facts about the 2015 ATAR:

- 55,736 students received an ATAR
- the median ATAR was 68.70, slightly lower than in 2014
- the median ATAR for females was 70.75
- the median ATAR for males was 66.35
- 16.5% of students received an ATAR of 90.00 or above
- 62.4% of students received an ATAR of at least 60.00.

School offer lists available

Student preferences and school offer lists for Semester 1 are available in Schoolink on UAC's website. This secure site contains details of all offers made to students at your school for admission to tertiary study in Semester 1 in 2016.

Note, students can change their preferences for later offer rounds and these lists do not indicate whether a student accepts an offer, or indeed which offer (if any) they accepted. Also note that your offer list doesn't include offers to students who have requested that this information not be released to their school.

If no offer list appears for 2016, it means that no offers were made to your students in this admissions period.

2015–16 admissions round-up

Social media

The key period between the release of ATARs in December and the Main Round of offers in January once again triggered the annual spike in activity across UAC's social media channels.

UAC's two primary channels, Facebook and Twitter, experienced healthy growth during this peak period. Compared to the same period last year, our Facebook audience increased by 40 per cent and queries were up 14 per cent. Twitter activity also grew, with followers up 25 per cent and 11 per cent more queries answered compared to last year. Videos on UAC's YouTube channel also received over 23,000 views.

The types of questions asked in this period remain largely the same each year, typically relating to course vacancies, deadlines, bonus points and lost PINs. The launch of UAC's new app, My UAC, in December proved to be a hot topic online as well.

We encourage you to ask your students to subscribe to our Facebook, Twitter and YouTube services. It is also a useful resource for parents and school staff to receive reminders about application closing dates and other important information.

- www.youtube.com/user/UACinfo

Customer service

From August 2015 to February 2016 UAC's Customer Service team answered around 71,500 calls and 12,500 emails. In September – in the lead up to on-time closing – we received our highest amount of enquiries with 15,443 calls and 2,865 emails. On Thursday 17 December, the day ATARs were released, UAC received 2,537 phone enquiries.

UAC's ATAR Enquiry Centre opened on Thursday 17 December 2015 and ran until Thursday 24 December to help students with queries relating to their ATAR. This year we also operated a PIN hotline to fast-track students who rang to retrieve their UAC PIN. On the first two days more than 1,710 calls were received with around 20 per cent being pin-related.

Schools Recommendation Schemes (SRS) survey

A total of 8,791 SRS applications from 837 schools were received for 2015–16 admissions – the second year of SRS operating. This was an increase of 61.4 per cent on the previous year. As at 20 January 2016, a total of 6,253 early offers had been made to applicants.

In February 2016, UAC surveyed the 837 schools from which SRS applications were received in 2015. Thank you to those schools that participated and gave us feedback to improve the scheme. For 2017 admissions we will be continuing our program of improvements for the registration and rating processes.

HSC subjects update

BOSTES has advised the following new course for 2016:

- Punjabi Continuers (16035).

In 2017 there will be a new examinable course – Korean Beginners. It is available for Year 11 students in 2016.

Medicine and Medical Sciences – special entry requirements

UMAT – Undergraduate Medicine and Health Sciences Admission Test

UMAT will be held at various locations across Australia on
Wednesday 27 July 2016.

Registrations for UMAT are open now and close at 5pm on Friday 3 June 2016. Late registrations are accepted until 5pm on Friday 17 June 2016 on payment of a late fee.

Registration must be completed online at www.umat.acer.edu.au.

All enquiries concerning UMAT should be directed to:

UMAT Office
ACER
Private Bag 55
Camberwell VIC 3124
tel: (03) 8508 7643
email: umat@acer.edu.au
website: www.umat.acer.edu.au

Medicine entry requirements

University of Newcastle/University of New England

The Bachelor of Medicine – Joint Medical Program (JMP) is offered jointly by the University of Newcastle and the University of New England. There is a common curriculum for this program at both institutions. Applicants select the site at which they would prefer to complete the program when they submit their JMP direct online application.

The selection of applicants for admission to the JMP is based on:

- academic merit – a minimum ATAR of 94.30 is required for a candidate applying on the basis of secondary results to be eligible for consideration. Students attending a rural/remote high school will be able to satisfy the minimum requirement with an ATAR of 91.40. Candidates applying on the basis of tertiary results must have achieved results averaging at close to credit level
- performance in UMAT – an applicant's performance in UMAT will determine if they are invited for interview/Personal Qualities Assessment
- performance in a structured interview (Multiple Skills Assessment – MSA) conducted on set dates in November/December 2016
- performance in an online Personal Qualities Assessment to be undertaken when the candidate attends their MSA.

Details can be found at www.newcastle.edu.au/jmp or www.une.edu.au/jmp.

Applicants must:

- register for and sit the UMAT (see box on this page for details)
- apply directly to the JMP. JMP direct university application forms will be available in August 2016 at either www.newcastle.edu.au/jmp or www.une.edu.au/jmp. Applications close Friday 30 September 2016. Late applications will not be considered
- submit a UAC application by Friday 30 September 2016 and include course code 780000 as a preference by Wednesday 30 November 2016.

Students who can demonstrate a significant rural/remote background may be eligible to apply under the B Medicine–JMP Rural/Remote Admissions Scheme (RRAS). Visit www.newcastle.edu.au/joint-medical-program/how-to-apply/entry-support-schemes for details.

Indigenous students may apply for admission through the B Medicine – JMP Aboriginal and Torres Strait Islander Admissions Scheme. Applicants must submit a UAC application by Monday 31 October 2016, including course code 780000 as a preference. For more information, call The Wollotuka Institute, University of Newcastle on (02) 4921 8705 or The Oorala Aboriginal Centre, University of New England on Freecall 1800 622 384 or (02) 6773 3034.

University of Sydney

Double Degree Medicine is a prescribed undergraduate degree followed by the four-year Doctor of Medicine (MD). Up to 30 domestic and 10 international places will be made available in:

- Commerce–MD
- Economics–MD
- Music Studies–MD
- Science (Advanced)–MD
- Medical Science–MD.

Under the Cadigal Alternative Entry Program up to five places in the Science (Advanced)–MD and Medical Science–MD will be offered to Aboriginal and Torres Strait Islander applicants. For more information visit <http://sydney.edu.au/ug-special>.

The selection process for medicine is competitive. The selection criteria includes:

- academic merit – ATAR (or equivalent) cut-off expected to be 99.95 for 2017 entry
- an assessment process including a written assessment and an interview. The assessments will be held in January 2017 and eligible applicants will be contacted by email or telephone
- Music Studies–MD – interviews will be held in January 2017 and applicants will be shortlisted based on their ATAR and a successful interview/audition for the B Music Studies. Apply directly to the Conservatorium by Friday 30 September 2016 for the music studies interview/audition in late November and early December.

For additional requirements and information, visit <http://sydney.edu.au/medicine/md>.

You are eligible to apply for admission to Double Degree Medicine at the first opportunity after graduating from high school, regardless of when your results become available. If your results are not available in time to be considered for the 2017 intake (ie prior to the issue of invitations to the January 2017 interviews), you may be eligible to apply for the 2018 intake.

UNSW Australia

The selection criteria for Medicine at UNSW Australia for students currently in Year 12 are:

- academic merit – a minimum ATAR or equivalent of 96.00 is required to be eligible for consideration
- UMAT score (see box on page 2 for details)
- interview – selection interviews for NSW/ACT applicants will be held in late November 2016 and early January 2017 (late January for interstate applicants). Approximately 500 applicants will be interviewed.

In the selection of students for entry, these three criteria will be equally weighted. Different criteria exist for rural and Indigenous entry schemes.

Applicants must:

- register for and sit UMAT (see box on page 2 for details)
- submit an application direct to UNSW by Friday 30 September 2016 at www.med.unsw.edu.au
- submit a UAC application by Friday 30 September 2016 and include course code 428000 as a preference.

The UNSW Medicine Application includes questions on why applicants want to study medicine at UNSW, details of their relevant personal qualities and skills, their non-academic interests and activities and a brief description of their life experience. The UNSW Medicine Application will be used to set the context of the applicant's interview but is not used in identifying applicants for interview. ATAR (predicted or actual) and UMAT scores are used to identify applicants for interview.

For further information, visit the Faculty's website at www.med.unsw.edu.au.

Western Sydney University

In 2016, WS will offer both Commonwealth-supported and international places in Medicine. In their first year, students will attend the Clinical School once a week for tutorials and hands-on teaching to help them develop and practise their clinical skills. They will also have the opportunity to interact with patients in ward situations across Campbelltown, Camden and Blacktown hospitals.

Applicants will be selected based on academic merit (minimum ATAR or equivalent), UMAT results and an interview.

Domestic applicants (Australian citizens and permanent residents and NZ citizens) must:

- register for and sit the UMAT (see box on page 2 for details)
- submit an online registration form to the School of Medicine, WS by Friday 30 September 2016. Late applications will not be accepted. For details visit www.uws.edu.au/medicine/som
- submit a UAC application by Friday 30 September 2016, including course code 725500/725510 as a preference
- attend an interview in Sydney in late November 2016, if invited (a few interviews may be offered in late January 2017 for some applicants).

For information on Aboriginal and Torres Strait Islander selection procedures call the School of Medicine on (02) 9852 4637. For information on international applications, visit <http://future.uws.edu.au/study-in-australia>.

Students at Western Sydney are able to combine the Bachelor of Medicine/ Bachelor of Surgery (MBBS) with a Bachelor of Arts. This degree combines all the attributes of the MBBS with an Arts degree, bringing together scholars in the humanities and social sciences with broad teaching and research interests.

For more information about the course structure and subjects, visit www.myfuture.uws.edu.au. For further enquiries, call the WS Course Information Centre on 1300 897 669 or email study@westernsydney.edu.au.

Dentistry entry requirements

Charles Sturt University

The application process for CSU's B Dental Science is currently under review. Applicants will need to apply through UAC, and check the online course brochure for the latest information on additional criteria and closing dates. Visit www.csu.edu.au/courses/dental-science.

University of Sydney

B Science (Advanced)/Doctor of Dental Medicine

The selection process for dentistry is competitive and will be on the basis of ATAR or equivalent and an interview. The ATAR cut-off is expected to be 99.5 for 2017 entry. The interviews will be held in January 2017 and eligible applicants will be contacted by email or telephone.

Oral Health entry requirements

University of Sydney

B Oral Health applicants must apply through UAC by Wednesday 19 October 2016. Selection is based on the ATAR or equivalent, plus completion of a Personal Qualities Assessment (PQA) test and a Multi Mini Interview (MMI). Registration for the PQA test opens 9am Monday 15 August 2016 and closes 5pm Friday 21 October 2016. No late applications will be accepted. The PQA test will be held during the week of 7 November 2016 and interviews will take place on Tuesday 6 and Wednesday 7 December 2016. The test and interviews will be held on the Camperdown and/or Westmead campus(es). For more information, visit <http://sydney.edu.au/dentistry/student/boh.php>.

Pharmacy entry requirements

Charles Sturt University

In addition to applying through UAC for CSU's B Pharmacy, 2017 applicants will be required to complete a supplementary application form. For further information, visit www.csu.edu.au/courses/bachelor-of-pharmacy.

Veterinary Science entry requirements

Charles Sturt University

In addition to applying through UAC, applicants must complete and return a supplementary application form demonstrating their commitment to rural veterinary science and practice. Applicants may be selected for interview based on their completed supplementary application form. The form will be available from CSU's website in early August 2016. For further information, visit www.csu.edu.au/courses/vet-science.

University of Sydney

Veterinary Biology/Doctor of Veterinary Medicine

Selection will be based on a student's ATAR or equivalent and their commitment to veterinary science as detailed on a prescribed form. The final date for returning the statement of commitment directly to the faculty is Friday 25 November 2016.

Optometry entry requirements

UNSW Australia

There will be approximately 75 places available for entry to Optometry/Science in 2017. Selection will be based on:

- performance in UMAT
- academic performance (Year 12 and/or tertiary studies).

Applicants must:

- register for and sit the UMAT (see box on page 2 for details)
- submit a UAC application and add course code 429750 as a preference.

Alternative entry for 2018

UNSW will provide a limited number of transfer places as an alternative entry pathway for admission to Optometry/Science for applicants who have not undertaken post-secondary studies and who are not eligible for entry in 2017. Applicants are advised to apply for B Advanced Science (Honours) 429350 for 2017 and enrol in the Vision Science major plan.

Selection for alternative entry to Year 2 of Optometry/Science in 2018 will be based on:

- performance in UMAT
- performance in Year 12 (ATAR or equivalent of at least 90.00)
- performance in required first-year subjects completed while enrolled in Advanced Science at UNSW.

During 2017, students who are enrolled in the prescribed Year 1 Vision Science plan will be invited to apply directly to UNSW for a transfer place for 2018 entry. For further information, visit www.optometry.unsw.edu.au.

Australian College of Applied Psychology

New course

540402 – Dip Youth Work

This qualification provides the hands-on skills and theory required to work in youth agencies delivering programs to assist young people who are confronted with family breakdown, homelessness, mental health problems or legal issues. Supervised work placement gives graduates of this course an advantage when applying for jobs in the specialist sector of social welfare. The course is available full-time for one year, or as part-time equivalent, in trimester format. Preferences will be accepted by ACAP via UAC for May and September 2016 intakes. Study is available on-campus in Sydney or by online delivery in Sydney, Brisbane or Melbourne. See the full course details at www.acap.edu.au.

Information night

ACAP will be holding an information night on Wednesday 27 April 2016 at 6pm. For more details, visit www.acap.edu.au.

CQUniversity

New course

160610 0 – B Echocardiography (Cardiac Physiology)/GradDip Echocardiography

This innovative new program joins the Bachelor of Medical Sonography and Graduate Diploma of Medical Sonography. These two programs balance theory with state-of-the-art labs and practical placements in industry. The course is delivered from the Sydney CBD campus.

Macleay College

Workshops

The college is offering private workshops for year 11 and 12 students so they can experience a day in the life of an advertising, business and journalism student. From working in a live TV studio to assisting on creative briefs or thinking like an entrepreneur, students will explore Macleay's campus and facilities, find out more about courses and meet current students and industry-leading lecturers. To book contact Adriana Kind via akind@macleay.edu.au. Students can also follow Macleay College on Facebook, Instagram, Twitter and Snapchat to see student life in action.

New course

560220 – B Advertising and Media

Developed in conjunction with industry-leaders this hands-on program gives students real work experience coupled with a multi-disciplinary skill set. This two-year intensive degree combines units in marketing and media, creative and digital with management and production skills and is focused on industry-relevant skills, ensuring graduates are job ready.

Macquarie University

School events for 2016

- **Campus tours** (open to everyone)
 - 11 April 10.30am–12pm
 - 21 June 4pm–5.30pm
 - 11 July 10.30am–12pm
 - 17 November 4pm–5.30pm

- **Macquarie in a Day** (year 11 and 12 students)
Thursday 21 April
- **Careers Advisers and Teachers Day** (careers advisers and teachers)
Friday 6 May
- **Information evening** (year 11 and 12 students and parents)
Wednesday 18 May
- **Open Day** (open to everyone)
Saturday 20 August
- **HSC in the Holidays** (Year 12 students)
July and September holidays – <https://hscintheholidays.com.au>
- **Get more from your ATAR information evening** (Year 12 students and parents)
Friday 16 December
- **School presentations** (year 11 and 12 students)
Ongoing. Current Macquarie University students will come to your school or appear via live video conference.

More details about these events will be sent to schools in 2016.

Global Leadership Entry Program

Year 12 students who are achieving strong academic results and are leaders in their community and involved in extracurricular activities are encouraged to apply. Applications are open 9 May – 29 August. Visit mq.edu.au/glep for more information.

Course guides will be available in March 2016.

Update your contact details: If your contact details have changed, you are at a new school in 2016, or if your school will have a new careers adviser, please contact Macquarie to update your information.

For more information, visit www.mq.edu.au/study/high-school-students. To discuss your school's needs, including your upcoming events, call (02) 9850 7250.

Western Sydney University

Mid-Year Information Day

Western Sydney University is holding its Mid-Year Information Day at the Parramatta campus, 10am–2pm, Saturday 21 May. At this event non-current school leavers will be provided with all the information they need to get a six-month headstart on an undergraduate degree. For more information, visit www.westernsydney.edu.au/midyear.

Western U Days

Western Sydney University is running Western U Day events across four campuses this year. The events are designed for senior high school students who are considering university study. High school students have the opportunity to experience campus life with academic presentations, student panels and interactive activities. For more information, visit www.westernsydney.edu.au/westernuday.

Out and about with...

UAC is once again out and about across New South Wales talking to students, teachers, parents and anyone else interested in tertiary study. Come and visit us at your local expo where you can talk one-on-one to an expert on applying for tertiary study as well as pick up copies of UAC's publications.

April

- 5 Lower North Shore Careers Expo
