## ABOUT

Wentworth Institute of Higher Education (WIN) is located opposite Central Railway Station and is distinguished by its small classes and support for the individual student. WIN provides high quality tertiary education at undergraduate and postgraduate levels in business and interactive media programs of study.

Wentworth Institute's mission is to provide industry-relevant and innovative higher education courses to address the learning needs of committed students and, in turn, the future needs of the businesses and industries in which they will contribute their values, skills and knowledge.

Our higher education degrees are accredited through the Tertiary Education Quality and Standards Agency (TEQSA) and by the relevant professional bodies. All our courses were developed in close collaboration with industry so that students can gain relevant and sought-after skills. Our courses are designed to lead to successful and fulfilling careers in various fields, both in Australia and in the global market place.

We are committed to providing a valuable educational experience in a friendly atmosphere, with student support for academic studies and personal issues so that every student has the opportunity to reach their potential.

## ADMISSION REQUIREMENTS

Students who have completed an Australian Year 12 or equivalent will be considered for entry into undergraduate courses. Students who have successfully undertaken an undergraduate degree (or equivalent) at a recognised institution will be considered for admission into postgraduate programs.

Wentworth Institute recognises that previous academic success is only one indicator of suitability for admission to a course and therefore all students will be interviewed to assess suitability for admission into their chosen program of study.
