Important dates

Autumn session

Calendar A Monday 6 March – Saturday 1 July 2017
Calendar B - Teacher Education Monday 20 February – Saturday 1 July

Spring session

Monday 24 July – Saturday 11 November 2017

ABOUT

The University of Technology Sydney (UTS) is a young, dynamic university located at the gateway to Sydney's CBD. Our revitalised City campus sits at the heart of the nation's creative industries hub, reflecting our innovative approach to learning and positioning our students for real-world success.

We're young and bright

UTS is a young university gaining global recognition for its innovative, agile and dynamic approach. Our goal is to become a world-leading university of technology, and we're already making our mark: in 2015, UTS was Australia's number one young university in both the Times Higher Education '100 under 50' Rankings and QS 'Top 50 Under 50', and it's also part of the prestigious Times Higher Education group of top 250 ranked universities in the world.

We're also internationally acclaimed for innovative teaching that integrates the best of online and face-to-face interaction. Our 'learning.futures' program was the 2015 winner of the Hybrid Learning Innovation category in the 2015 Wharton-QS Stars Reimagine Education Awards, a reflection of our achievements in aligning future-focused curriculum with technology. This approach, combined with a recently transformed \$1.3 billion City campus, has resulted in UTS sitting front and centre in a precinct built to meet the needs of 21st century students. Our new spaces and leading-edge technologies support and encourage new ways of thinking, readying our students for the workforce of tomorrow.

We're creating the leaders of tomorrow

Today's students and tomorrow's graduates will follow very different career paths to previous generations. Many will choose start-up and entrepreneurial careers over traditional jobs. Organisations are also changing, with employers putting an increasing value on creative and analytical thinking skills. With programs like The Hatchery, an on-campus pre-incubator program designed to mentor and connect entrepreneurial students, and the Bachelor of Creative Intelligence and Innovation, part of a combined degree structure

that emphasises creative problem solving, conceptual thinking and innovative practice, UTS is producing work-ready graduates who will lead the industries of the future.

We're all about experience-based learning

Our courses are renowned for their experience-based approach. Students combine theoretical knowledge with extensive hands-on experience, both in the classroom and through industry placements and internships, which are at the core of the UTS approach. With more than 150 company partners, our industry connections help students develop skills, gain valuable experience and make the necessary contacts to kickstart their careers.

ADMISSION REQUIREMENTS

To be eligible for admission to an undergraduate course at UTS you must satisfy at least one of the minimum admission requirements (matriculation) listed in the categories below, and be selected for enrolment in competition with other applicants:

- completed an Australian Year 12 or equivalent with an ATAR of 69.00 (not including bonus points)
- completed a TAFE Tertiary Preparation Certificate, AQF Diploma or Advanced Diploma
- completed one full-time year of tertiary studies.

For detailed admission requirements for all UTS courses, visit www.uts.ac/admreq2017.

Subject prerequisites and assumed knowledge

UTS does not have HSC subject prerequisites for any of its courses except for teacher education courses. Each faculty identifies assumed knowledge and/or recommended studies, which you are advised to have achieved before you begin the course. Refer to the course descriptions.

Australian secondary studies

You must have an Australian Year 12 with a minimum ATAR of 69.00 (not including bonus points and inpUTS eligibility) or overseas equivalent. This includes studies accumulated over consecutive years with the approval of the appropriate state education board. Read page 372 for information on current school leaver requirements.

Offers made to applicants who have an ATAR below the published cut-off

UTS has a number of alternative pathways for admission, which may allow 2016 Year 12 applicants to receive an offer to a course even though they have an ATAR below the published cut-off. They include:

- Educational Access Scheme (inpUTS)
- special admission on the basis of elite athlete or performer status
- Australian Aboriginal and Torres Strait Islander Special Entry Scheme (Jumbunna)
- Year 12 Bonus Scheme
- UTS Schools Recommendation Scheme.

For details about UTS special admissions schemes, read the relevant section on the following pages.

Year 12 Bonus Scheme

For a select number of courses, UTS will award bonus points to applicants undertaking the 2016 NSW HSC based on performance in subjects relevant to their course preferences. For further details about the Year 12 Bonus Scheme, including the selected NSW HSC subjects and maximum number of bonus points awarded, visit www.undergraduate.uts.edu.au/apply.

The Year 12 Bonus Scheme also applies to 2016 interstate Year 12 and International Baccalaureate applicants.

Applicants must achieve a minimum ATAR of 69.00 or equivalent before Year 12 bonus points apply.

Australian tertiary studies

UTS recognises the following qualifications and studies as satisfying minimum admission requirements for undergraduate studies:

- at least one year of full-time study or equivalent in a degree course at an Australian university or college of advanced education (ie one year of full-time study is the credit value of subjects determined by your institution to satisfy the completion of your degree in the minimum time permitted)
- completed TAFE Associate Diploma, Diploma, Advanced Diploma, Tertiary Preparation Certificate (TPC)
- completed Australian Qualifications Framework (AQF) Diplomas and Advanced Diplomas from private providers.

Applicants with a record of exclusion or failure

If you have a record of failure or exclusion in your previous studies, you must declare those studies in your UAC application.

In addition, you must submit a statement directly to UTS explaining the circumstances relating to the failed results/exclusion and why you believe you can now succeed at university-level studies. Failure to submit a statement may affect your eligibility for admission.

This statement should be submitted in letter format, supported by relevant documents, and list the UTS course codes for which you have applied at the time of submitting the statement.

Send your statement to the Admissions Manager, Student Administration Unit, UTS, PO Box 123, Broadway NSW 2007 or deliver it to the Student Centre, Level 2, Building 10 by no later than **Wednesday 30 November 2016** (for Autumn 2017) or **Friday 9 June 2017** (for Spring 2017).

DO NOT include the failure/exclusion statement as part of your UTS personal statement or portfolio submission.

If your exclusion or failure was caused by circumstances beyond your control, you may be able to apply for the Educational Access Scheme – InpUTS – read information under ‘Educational Access Schemes’ on this page for further details. You will still need to submit a failure/exclusion statement to the Admissions Manager.

Overseas qualifications

If you are an Australian citizen or permanent resident applying with an overseas secondary qualification, refer to tables 7 and 8 in Part 1.

If you have other overseas qualifications, visit www.uts.ac/admreq2017 for information on admission requirements. UTS will consider equivalent overseas qualifications for admissions purposes. If you are unsure about the Australian equivalent of your overseas qualification, consider using the UAC Qualifications Assessment Service for assessment of your overseas qualifications before applying.

If you have secondary or tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English proficiency. For requirements, refer to UAC’s website at www.uac.edu.au/undergraduate/admission/elp.shtml. No application for admission will be considered until English language proficiency has been demonstrated.

Alternative entry and pathways

If you do not have any of the formal educational qualifications outlined in the above categories, you may consider the following pathways for entry to UTS.

UTS:INSEARCH

UTS:INSEARCH is the premium pathway provider to the University of Technology Sydney and is an important part of the UTS community. The strong educational relationship between UTS:INSEARCH and UTS means that UTS:INSEARCH students benefit from UTS’s academic standards, world-class facilities and reputation for excellence. UTS:INSEARCH offers a broad choice of higher education Diploma programs that can fast-track students into the second year (depending on the course you choose) of a UTS degree. All UTS:INSEARCH students also benefit from the following:

- courses that are designed in collaboration with UTS faculties
- dedicated academic support and supportive learning environment
- small class sizes
- access to UTS’s state-of-the-art facilities
- FEE-HELP for eligible students.

UTS:INSEARCH Diploma programs

UTS:INSEARCH Diplomas are offered as extended 16-month, standard 12-month or accelerated 8-month programs. UTS:INSEARCH Diplomas prepare students for UTS undergraduate degrees and are ideal for students who didn’t quite get the ATAR needed for their desired UTS degree.

Students can choose from Business, Communication, Design and Architecture, Engineering, Information Technology or Science.

Articulation

Australian students graduating from a UTS:INSEARCH Diploma are guaranteed a place in the corresponding undergraduate degree at UTS if they achieve a pre-specified grade point average in their UTS:INSEARCH Diploma. For enquiries call 1800 896 994 or email courses@insearch.edu.au. For more information, visit www.insearch.edu.au.

Special Tertiary Admissions Test (STAT)

If you are 20 years of age or older on Tuesday 1 March 2017, and do not otherwise qualify for entry to UTS, you may apply for admission on the basis of the STAT. STAT is accepted by all UTS faculties except Law.

For further details on STAT, read section 2.8 in Part 1.

Tertiary Preparation Certificate/TAFE qualifications

If you have completed a TAFE Tertiary Preparation Certificate (TPC), you will be considered for admission on the basis of your Tertiary Entrance Score. If you have completed a TAFE Advanced Diploma or Diploma, you will be considered for admission on the basis of your grades achieved in the Advanced Diploma or Diploma. For further information on specific course admission requirements, visit www.uts.ac/admreq2017.

Limited ATAR

UTS accepts the NSW Limited ATAR for admission purposes to all courses – refer to section 7.6 in Part 1.

SCHOOLS RECOMMENDATION SCHEMES

The Schools Recommendation Scheme (SRS) is available to support Australian Year 12 students who might otherwise miss out on getting an offer at UTS. If you are attending a school that is nominated within the UAC Educational Access Schemes (EAS) school lists (S01C or S01E) or you can demonstrate financial hardship through an EAS application, you may be eligible for an offer through the UTS SRS.

The UTS SRS considers your ATAR alongside the feedback of your school, and will make 300 places available to students who meet a minimum ATAR of 69.00, or 80.00 for Law. If successful you will be supported through a range of UTS programs, including financial, personal and academic programs. For further information about the UTS SRS, visit www.srs.uts.edu.au.

To apply visit www.uac.edu.au/srs.

EDUCATIONAL ACCESS SCHEMES

inpUTS

The inpUTS educational access scheme could help you gain access to your preferred course at UTS. If your education has been disrupted for longer than six months you may be eligible for an entry concession of 10 points on any UTS course. inpUTS is open to domestic applicants from both school and non-school pathways and considers a range of circumstances including family, personal and financial circumstances. If you are attending an EAS-identified school (S01C or S01E) you will be considered for inpUTS automatically.

To be eligible you must achieve a minimum ATAR of 69.00, or equivalent, and apply to UAC by the designated closing dates. If successful you will be supported through a range of UTS programs, including financial, personal and academic programs. For further information about inpUTS, visit www.10points.uts.edu.au.

To apply visit www.uac.edu.au/eas.

EQUITY SCHOLARSHIPS

UTS offers two types of Equity Scholarships: the UTS Diversity Access Scholarships (DAS) and Commonwealth Indigenous Scholarships, which are open to all eligible applicants applying to or enrolled at UTS.

All UTS Equity Scholarships applications are processed centrally through UAC.

Read section 6.6 in Part 1 for further information on Equity Scholarships.

UTS also offers a number of merit and merit-equity scholarships; for details, visit www.uts.edu.au/study/scholarships.

Note: The Commonwealth Government has announced changes to the administration of Commonwealth Scholarships to take effect from 1 January 2017, details of which are not available at the time of publication. Further information will be available on UAC’s website and from institutions when details are released by the Commonwealth.

SPECIAL CONSIDERATION

Elite Athletes and Performers

The Special Admissions – Elite Athletes and Performers scheme considers the impact of national/state-level competition and performance commitments on recent academic performance and adds 5 bonus points to the selection ranks of approved applicants.

To be considered under the Elite Athletes and Performers Scheme, you must achieve a minimum ATAR of 69.00 (not including bonus points).

How to apply for Special Admissions – Elite Athletes and Performers scheme

All applicants applying under the Special Admissions – Elite Athletes and Performers scheme still need to apply through UAC and satisfy any additional application requirements outlined in the course descriptions.

Application for the Elite Athletes and Performers scheme is made directly to UTS, with further information, including application forms, available at www.uts.edu.au/future-students/undergraduate/essential-information/educational-access-schemes. Applications close **Monday 31 October 2016**.

ABORIGINAL AND TORRES STRAIT ISLANDER AUSTRALIANS

Jumbunna Indigenous House of Learning provides support and access to all Australian Aboriginal and Torres Strait Islander applicants who would like to study at UTS via Jumbunna Pathways Program. Applications are available at www.uts.edu.au/future-students/indigenous/getting-uts/direct-entryprogram.

Applications close on Friday 30 September 2016 – UAC processing charges apply. Once you have applied, you may be invited to attend our Pathways Assessment Program to be held in November.

Scholarships for Aboriginal and Torres Strait Islander students

There are a number of scholarships available to Aboriginal and Torres Strait Islander students; for further information visit www.uts.edu.au/futurestudents/scholarships.

UTS:INSEARCH

In collaboration with UTS:INSEARCH a number of tuition-free scholarships are available to applicants of the Jumbunna Pathways Program. Upon successful completion of the Insearch diploma program, students will be offered a place in an undergraduate degree at UTS. For further information visit www.insearch.edu.au or contact Jumbunna on 1800 064 312.

If you would like any additional information about the Jumbunna Pathways Program, visit www.uts.edu.au/future-students/indigenous or the Jumbunna Facebook page at www.facebook.com/UTSJumbunnaIHL or email atsirecruitment@uts.edu.au.

INTERNATIONAL FEE-PAYING APPLICANTS

Some international fee-paying applicants apply through UAC; others apply directly to UTS. Read sections 1.4 and 1.5 in Part 1 for further information on how to apply. For further information, call UTS International on (02) 9514 1531 or visit www.uts.edu.au/international.

BRIDGING COURSES

UTS offers a range of bridging courses for students who do not meet the assumed knowledge requirements for their preferred courses. Most of the courses are offered in late January/early February, between enrolment and the start of session. Bridging courses in Physics, Chemistry and Mathematics are available to all new students undertaking degree studies. For further information, visit www.uts.edu.au/future-students/science/essential-information/bridging-courses.

ENROLMENT

Acceptance of offer

You must accept your offer of enrolment online and register to enrol at www.start.uts.edu.au at the time you receive your UAC offer.

Advanced standing/Academic credit

If you receive a UTS offer of enrolment and you have completed appropriate subjects in an approved course at a recognised tertiary institution, you may apply for credit for relevant subjects in your chosen UTS course. UTS does not determine credit until an offer of enrolment is accepted. For further information, visit www.uts.edu.au/current-students/managing-your-course.

Deferment of offer

Refer to Table 6 in Part 1 for further information on deferment policies.

Fees and charges

For 2017 fee information, visit www.uts.edu.au/future-students/undergraduate/essential-information/uni-fees.

All students must pay a student contribution for a Commonwealth-supported place (CSP) – read section 6.2 in Part 1. In addition, a Student Services and Amenities Fee (SSAF) is payable for each autumn and spring session.

FINANCIAL ASSISTANCE

Youth and student allowances

For information about the Centrelink benefits available to full-time and part-time students, read section 6.5 in Part 1 or visit www.humanservices.gov.au/centrelink.

Loans

UTS offers small interest-free loans to enrolled students through the Student Services Unit. Programs for local students on low incomes provide small grants, assistance with computer access and purchasing textbooks, and budgeting advice.

Scholarships

UTS awards over 1,000 scholarships each year. Scholarships are awarded for a variety of reasons including academic achievement and sporting excellence, or as support for students who have experienced disadvantageous circumstances.

UTS also awards a range of industry-sponsored scholarships, including the co-operative scholarships available in B Accounting and B Information Technology. Recipients of these scholarships receive \$46,500 over the duration of the degree, along with invaluable work experience with UTS industry partners.

UTS Vice-Chancellor's Scholarships

The UTS Vice-Chancellor's Scholarships are awarded to students based on academic achievement. The Vice-Chancellor's Outstanding Achievement Scholarships are awarded to the top five school leavers commencing in any UTS undergraduate degree, and are valued at \$12,500 per annum for the duration of the degree. In previous years, recipients have achieved ATARs of 99.50 or higher.

The Vice-Chancellor's Merit Scholarships are awarded to five high-achieving (ATAR of 90.00 or above) school leavers with demonstrated financial disadvantage. These scholarships are valued at \$12,500 per annum for the duration of the degree.

Visit www.uts.edu.au/future-students/scholarships for details on all UTS scholarships and how to apply.

Also refer to section 6.6 in Part 1 for information about Equity Scholarships for financially disadvantaged students.

ACCOMMODATION

The University offers four vibrant student residences on or close to our City campus. Residences are fully furnished and self-catering; both multi-share and studio apartments with communal areas and security are available. A Residential Life program supports settling in, learning and personal development. Students looking for private rental accommodation are also assisted. To find out more, visit www.housing.uts.edu.au.

STUDENT AND CAMPUS SERVICES

UTS has a range of student support services. These include counselling, chaplaincy, academic assistance and learning support, and employment and career advice. Campus facilities include a medical centre, computing centre, sporting and recreation facilities, and a childcare centre.

The University supports a variety of student organisations, clubs and societies for students to become involved in campus life.

For more information on UTS student and campus services, visit www.uts.edu.au/future-students/studying-uts/student-support.

For students with disabilities and special needs, UTS has dedicated support services. Visit www.uts.edu.au/current-students/information-special-needs-students/students-disabilities-or-ongoing-illnesses.

UTS has Student Exchange Agreements in over 30 countries across Asia, Europe and the Americas. Students can study at a partner university for one session or a year and receive credit towards their UTS degree. For further information, visit www.ssu.uts.edu.au/globalexchange.

UTS ADDITIONAL SELECTION CRITERIA

Current school leavers

Current school leavers are selected on the basis of their ATAR, with the exception of the courses listed below. You are a current school leaver if you will complete or have completed a recognised Australian Year 12 or overseas equivalent in 2016. Refer to Table 7 in Part 1 for information on overseas secondary qualifications.

Current school leavers applying for the following courses are required to submit the following additional selection criteria:

- **601010 B Accounting** – Applicants are selected on the basis of their ATAR, a compulsory questionnaire and an interview. UTS will contact shortlisted applicants in October 2016 to organise interviews. To access the questionnaire and for instructions on how to submit it, visit www.uts.ac/bacc-apply. The closing date for submission of the questionnaire is Friday 21 October 2016. You must also include the course as a preference on your UAC application by this date.
- **603210 B Information Technology** – Applicants are selected on the basis of their ATAR, a compulsory questionnaire and interview. To access the questionnaire and for instructions on how to submit it, visit www.uts.ac/bit-apply. The closing date for submission of the questionnaire is Friday 30 September 2016. You must also include the course as a preference on your UAC application by this date.
- **Engineering courses** – Applicants are selected on the basis of their ATAR and an optional questionnaire. Read the Engineering section on page 378 for full details. To access the questionnaire and for instructions on how to submit it, visit www.uts.ac/engbonus2016. The closing date for submission of the questionnaire is Wednesday 30 November 2016. You must also include the course as a preference on your UAC application by this date.

If compulsory additional course application requirements are not submitted by the relevant closing dates, your application may not be considered for that course.

Non-current school leavers

Non-current school leavers may complete an optional personal statement form, attend an interview and/or submit a portfolio for some courses. You are a non-current school leaver if you are NOT completing a recognised Year 12 or overseas equivalent in 2016.

Courses that require additional selection criteria will have this information listed in the course description.

If optional additional course application requirements are not submitted by the relevant closing dates, your application will still be considered on the basis of academic results.

Personal statement form

Selection for courses specifying submission of an optional personal statement form will be made on the basis of an assessment of your academic qualifications. The information provided in the personal statement form will be used to allocate up to 10 bonus points for selection. All non-current school leaver applicants applying for courses recommending the submission of an optional personal statement form are strongly advised to submit the additional requested information.

While you will still be considered for selection if you do not submit an optional personal statement form, bonus points allocated as a result of the assessment of the personal statement form are likely to make your application more competitive.

To find out which courses consider optional personal statement forms, read 'Additional selection criteria' in the course description. You must use the prescribed personal statement form, which you can download at www.uts.edu.au/future-students/undergraduate/non-current-school-leavers/additional-selection-criteria-uac/personal.

A personal statement presents a reasoned case supporting your application to a particular course. Your statement should demonstrate your capacity and motivation for study in the course. You may upload additional documentation to support your personal statement. This could be references supporting your employment history, or certificates from short or private courses (max. four A4 size attachments). Do not upload copies of formal educational documents; for example, HSC, Associate Diploma, Diploma, Advanced Diploma, Bachelor degree or a postgraduate course – UTS will have access to these results through your UAC application.

The closing date for submission of personal statements (including supporting documents) is **Wednesday 30 November 2016**. It is strongly advised that you do not leave the submission until the last minute in case you encounter problems with your internet connection. You must also include the course as a preference on your UAC application by this date for your personal statement to be considered.

To access the personal statement form and for instructions about how to submit it, visit www.uts.edu.au/future-students/undergraduate/non-current-school-leavers/additional-selection-criteria-uac/personal.

You can upload your personal statement form through UAC's website after you apply through UAC. For information about uploading your personal statement form, visit www.uac.edu.au/undergraduate/apply/documents.shtml.

Design portfolio

Non-current school leavers applying to UTS Design courses can submit an optional design portfolio. The design portfolio is used for interview shortlisting. To be considered for an interview, applicants must submit a digital portfolio (max. 5mb) of six A4 landscape pages including:

- five pages of digital files which may include images (compressed jpegs for web viewing), animation or video of original design work appropriate to the course
- one-page written submission (150–200 words) that selects and identifies one of the submitted pieces of work, addressing the aims of the work and why it succeeded (text must be supplied in 16 point Helvetica, with 1.5 line spacing).

Architecture portfolio

Non-current school leavers applying to UTS Architecture courses can submit an optional architecture portfolio. The architecture portfolio is used for interview shortlisting. To be considered for an interview, applicants must submit a digital portfolio (max. 5mb) of seven A4 landscape pages including:

- five pages of digital files of scans and/or photographs (compressed jpegs for web viewing) of original design work appropriate to the course
- one-page written submission (150–200 words) that selects and identifies one of the submitted pieces of work, addressing the aims of the work and why it succeeded (text must be supplied in 14 point Helvetica, with single line spacing)
- one-page written submission (300 words) that describe your academic background and past work experience relating to your intended field of study. (Text must be supplied in 14 point Helvetica, with single line spacing.)

The closing date for submission of your portfolio is **Monday 31 October 2016**. It is strongly advised that you do not leave the submission until the last minute in case you encounter problems with your internet connection. You must also include the course as a preference on your UAC application by this date in order for your portfolio to be considered.

Applicants who do not submit a portfolio or are not shortlisted for interview will still be considered for entry based on their academic results.

You can upload your portfolio through UAC's website after you apply through UAC. For information about uploading your portfolio, visit www.uac.edu.au/undergraduate/apply/documents.shtml.

Non-current school leaver applicants can submit an optional portfolio for the Design and Architecture courses listed on this page. Non-current school leavers must also include the course as a preference in their UAC application no later than **Monday 31 October 2016** in order for their optional portfolio to be considered. UAC processing charges increase after Friday 30 September 2016.

Employment experience

Non-current school leaver applicants for Engineering, Information Technology and Science courses are advised to complete the employment question on their UAC application and provide statements of employment to UAC as up to five bonus points may be awarded on the basis of relevant work experience. Your documented work experience must be at least one full-time year or greater. For more information read section 4.16 in Part 1 or visit www.uac.edu.au/undergraduate/admission/employment.shtml.
