Equity Scholarships

Who can apply for Equity Scholarships?

To apply for an Equity Scholarship, you must be enrolled at, or applying for admission to, a participating institution. You can be applying:

- through UAC for undergraduate or postgraduate study (only a very limited number of scholarships are open to international applicants), or
- directly to an institution, or
- through the Victorian Tertiary Admissions Centre (VTAC) or the Queensland Tertiary Admissions Centre (QTAC).

How Equity Scholarships work

There are two types of Equity Scholarships:

- Institution Equity Scholarships: funded by individual institutions (their value, eligibility criteria and duration differ between institutions)
- Indigenous Student Success Program: funded by the Australian Government.

Applications for Equity Scholarships are highly competitive. Institutions make offers to applicants who demonstrate the greatest level of need. Most applicants who are awarded a scholarship are receiving Centrelink income support payments.

Successful applicants

Offers are emailed the day after each undergraduate offer round, but not all institutions participate in each round. For a list of participating institutions by offer round, visit uac.edu.au/es-offer-rounds.

Your scholarship offer is made on the condition that you're eligible to receive the scholarship on your first census date for the scholarship period. Institutions will confirm your eligibility before any payments are made to you. The institution will provide more detailed information regarding when and how your payment will be made.

Institutions may also make Equity Scholarship offers directly to applicants (ie not via UAC).

Unsuccessful applicants

There are limited scholarships available, so if you are unsuccessful it doesn't mean that you're not in need; rather, it means that there are other applicants who've been assessed as being in greater need.

Unsuccessful applicants don't need to reapply within the same admissions period: your application remains live for future offer rounds.

How to apply

- 1 Go to the UAC website and select 'Apply or log in' at the top right of the screen.
- 2 Select 'Equity Scholarships application' – a series of questions and prompts will guide you through the application process.
- 3 Agree to the declaration and authority.
- 4 Download and print your confirmation of application. If you need to provide supporting documents, a document package will also be generated. (No document package = no documents required.)
- 5 Upload to your application any documents specified in the document package.

If your circumstances change after you've submitted an application, you can log back in and add disadvantages. Additional disadvantages and supporting documentation must be received by UAC at least 10 working days before a scholarship offer round to be considered in that round.

Your application will remain live until March 2025.

Do not submit another application before then: it will be withdrawn.

Your application can't be assessed until you have uploaded all required information. This includes:

- supporting documents
- evidence of Centrelink payments.

Commonly required documents

Medical impact statement

A statement about how the medical condition/disability you have claimed will have an effect on your studies. A blank medical impact statement is provided in your Equity Scholarship document package. It must be completed by a registered health professional who is treating your medical condition/disability.

Educational impact statement

A statement about the impact your medical condition/disability has, or will have, on your studies. A blank statement is provided in your Equity Scholarship document package. It must be completed by a responsible person.

A **responsible person** may be a higher education educator, doctor, specialist medical professional, lawyer, accountant, social worker, counsellor, religious or community leader. They must be familiar with your circumstances and able to comment and provide information about their effect on your ability to study.

If you're a current Year 12 applicant, a responsible person is your school/college principal, counsellor, year adviser or careers adviser. If you're unable to have your school complete the statement, you must attach an explanation as to why your school can't complete it and the relationship between you and the responsible person.

Your privacy

In line with the UAC privacy policy and UAC's agreement with Centrelink, if you provide your CRN it will not be shared with institutions. Therefore, institutions may also request that you provide it.

Carer responsibilities

Eligibility criteria

You care for another person who needs ongoing support because of a long-term medical condition, a mental illness, a disability, frailty or the need for palliative care. As a carer, you:

- may or may not be a family member and may or may not live with the person you care for
- may be in receipt of a Centrelink Carer Allowance or Carer Payment.

Volunteers under the auspices of a voluntary organisation are not included.

Supporting documentation required

One (only) of the following:

- your Centrelink Customer Reference Number (CRN) if you are receiving a Carer Payment or Carer Allowance. You will be required to enter your CRN in your application.
- an independent statement to support your eligibility for carer responsibilities, completed and signed by a responsible person who knows your circumstances. You will need to explain why you are not in receipt of a Carer Payment or Carer Allowance.

Financial challenges

There are four categories of financial challenges. You are considered to be experiencing financial challenges if you satisfy one (only) of the following eligibility criteria.

Category 1: Receiving a Centrelink means-tested income support payment

Eligibility criteria

You are currently receiving a Centrelink (or other Commonwealth) means-tested income support payment (such as a Disability Support Pension, Parenting Payment (Single) or Carer Payment).

Supporting documentation required

Your Centrelink Customer Reference Number (CRN). The CRN must be in your name. You will be required to enter your CRN in your online application.

Category 2: Expecting to receive a Centrelink means-tested income support payment

Eligibility criteria

You are expecting to receive a Centrelink (or other Commonwealth) means-tested income support payment in the current admissions period.

Supporting documentation required

In your application you will be asked to indicate when you expect to receive a Centrelink (or other Commonwealth) means-tested income support payment.

No documentation is required to support eligibility for the expectation of receipt of a means-tested payment when you apply.

However, after enrolment and prior to payment of a scholarship, you must provide your institution with evidence that you have received a support payment. Alternatively, email your CRN to equity@uac.edu.au once your first payment has been credited to your bank account and we will update your assessment.

Category 3: Able to demonstrate exceptional financial hardship beyond your control or choosing

Eligibility criteria

You are able to provide comprehensive information demonstrating exceptional financial hardship that is beyond their control or choosing.

If you are eligible to claim a Centrelink means-tested allowance but choose not to, you are not eligible to claim exceptional financial hardship.

If your family income is above the Centrelink eligibility threshold, you are generally not eligible to claim exceptional financial hardship.

Supporting documentation required

Evidence of eligibility for exceptional financial hardship demonstrating a level of real and enduring financial hardship. Supporting documentation requirements are provided in the document package.

Category 4: Dependent student undertaking a Year 12 qualification with a parent/guardian in receipt of Family Tax Benefit (FTB) Part A

Eligibility criteria

You are a dependent student between the ages of 16 and 19 years (up to the end of the calendar year you turn 19) who is currently undertaking a Year 12 qualification and whose parent/guardian is in receipt of Family Tax Benefit (FTB) Part A.

You are not eligible to claim this financial challenge if you are a parent receiving FTB Part A.

Supporting documentation required

One (only) of the following:

- a recent Centrelink family assistance letter (no older than three months prior to the date you applied for a scholarship) issued to your parent/s or guardian/s demonstrating receipt of FTB Part A
- or
- a copy of a Centrelink income statement issued to your parent/s or guardian/s (no older than three months prior to the date you applied for a scholarship) demonstrating receipt of FTB Part A.

Note: Your parent/s or guardian/s can view and download their Centrelink income statement/s by logging into their Centrelink online account, or myGov, if they have set up an account. Alternatively, your parent/s or guardian/s must call or visit a Centrelink office to obtain a Centrelink family assistance letter. Allow at least a week for Centrelink to process your request.

If you have any queries about this documentation, email equity@uac.edu.au.

Long-term medical condition/disability or ongoing effects of abuse

Eligibility criteria

Your ability to study at university is being affected, or is likely to be affected, by the long-term and ongoing effects of one of the following:

- a severe and long-term (or a severe and recurrent) medical/psychiatric condition or illness
- a learning, sensory, physical, psychological or other disability/disorder
- trauma or abuse.

Supporting documentation required

All of the following:

- a medical impact statement completed by a registered health professional who is treating you for your condition
- an educational impact statement completed by a responsible person who can comment on the impact of your studies.

Living in regional or remote area of Australia

Eligibility criteria

Within the two years immediately prior to the start of your current or proposed period of higher education study, you lived in a regional or remote area of Australia for at least 12 months.

Supporting documentation required

Documents substantiating your residential (not postal) address in a regional or remote area of Australia for a period of at least 12 months in the two years immediately prior to the start of your current or proposed higher education course of study.

Documents must be in your name and may include: bank statements; a letter of attendance from your school or higher education provider showing your home address at the time you attended; Centrelink letters; electoral commission enrolment form; utilities bill; phone bill.

Your permanent residence postcode/s will be used to assess whether you lived in a regional or remote area of Australia.

The Australian Standard Geographic Classification Remoteness Areas (ASGC-RA) system map can be accessed at doctorconnect.gov.au. (Navigate to the 'Health Workforce Locator' and enter your address.) You can use this tool as a guide for your postcode. All categories other than 'RA1 – Major Cities of Australia' are considered to be regional or remote.

Note: If you can only provide documents in your parent/guardian's name, upload a copy of your birth certificate or other document(s) that verify your relationship.

Email equity@uac.edu.au if you need more information about the documents you must provide.

Eligibility criteria

You are single and have at least one dependent child under 18 who is wholly or primarily in your care and who is living in Australia.

In line with the UAC privacy policy and UAC's agreement with Centrelink, your CRN will not be shared with institutions. Therefore, institutions may also request that you provide it.

- cases where adoption has taken place after an initial period of OOHC.

At least one of the following:

- a letter from a government or non-government organisation caseworker written on appropriate letterhead and including:
 - your name and date of birth
 - date of removal
 - signature and position of the caseworker.
